## Glossary

### Accident indicator

Reown receives information about accidents from via insurance companies across the country and self-assessment of car owners who are subscribers on Reown

Not every accident is reported to Reown. As details about the accident become available, those details are added to the Reown Vehicle History Report. REOWN recommends that you have this vehicle inspected virtually or physically and test drive.

- According to NBS (National Bureau of statistics) Car is reported to be the major type of mobility involved in road crashes and it accounted for 28% involved in road crashes <https://www.nigerianstat.gov.ng/>

- This REOWN Vehicle History Report is based only on information gathered by REOWN and available as of 10/30/20 at 1 :06:03 PM. Other information about this vehicle, including problems , may not have been reported to REOWN . Use this report as one important tool, along with a vehicle and test drive, to make a beter decision about your next used car.

### First Owner

when the first owner obtains a proof of ownership document upon registration atthe Approved motor licensing office by FRSC in a state after purchase from the car dealers or Importer in Nigeria.

### Toyota Recall/Service campaign

Null

### Ownership History

Reown defines an owner as an individual or business that possesses and uses a vehicle. To provide an estimated number of owners, Reown proprietary technology analyses all events in a Vehicle History Report. Estimated ownership is available for vehicles registered on reown for vehicle maintenance plan over a period of time and sold on Reown platform to another individual who may or may not subscribe to vehicle maintenance plan on Reown.

### Title Issued

A state issues a title to provide a Vehicle owner with proof of ownership upon registration at the Approved motor licensing office. Each title or registration record on REOWN Report does not necessarily indicate a change in ownership unless sold on REOWN platform, which we are aware of.
